ABOUT ME

I am a master's finalist student in Computer Science and Engineering. I consider myself a responsible, organized and committed person, with ease in learning and working in a team. Perfectionism is my great quality, when I see a problem, I always try to find the best techniques to solve it. My interests encompass Cloud Technologies, Full-Stack and Mobile Development, with a strong commitment to continuous learning and delivering impactful solutions.

EDUCATION

NOVA FCT - NOVA School of Science and Technology

MSc in Computer Science and Engineering — Sep 2023 - Present
Deepened my knowledge, exploring specialized areas of computing and frontend development.

ISEL - Instituto Superior de Engenharia de Lisboa

BSc in Computer Science and Engineering — Sep 2020 - Jul 2023
Developed skills in programming, problem solving and critical thinking to face any challenge.

PROFESSIONAL EXPERIENCES

In-Nova - Consultoria Júnior da NOVA FCT

President — Jul 2025 - Present
Leading a team of 80 members across five departments. Manage day-to-day operations, coordinate organizational activities, and ensure smooth operation of the association. Support members' development and represent In-Nova in national and international junior enterprise networks.

Project Manager — Jul 2024 - Jun 2025
Managed projects applying agile project management for efficient delivery, led critical app development for the Innovation Week event, and managed full-stack projects.

Projects Department Member — Oct 2023 - Jun 2024
Developed full-stack projects using advanced technologies, active collaboration, commitment to project deliveries and demonstrated problem-solving skills in challenging projects.

Sky Portugal

Apprentice Backend Developer — Jul 2025 - Aug 2025
Worked in a team supporting all Sky Portugal platforms, managing and delivering media assets efficiently. Contributed by developing new functionalities to streamline support across the organization.

NTT DATA Europe & Latam

Cloud Intern — Jul 2024 - Aug 2024
Collaborated with a DevOps team to enhance and automate monitoring dashboards.

SKILLS

Programming Languages: Java, Kotlin, C, JavaScript, TypeScript, Python, Assembly, Dart, HTML, CSS
Cloud & Databases: Google Cloud Platform, Microsoft Azure, PostgreSQL, Firebase, MongoDB, Elasticsearch
Backend Development: Spring Boot, Node.js, Nginx
Frontend Development: Jetpack Compose, React, Bootstrap, Tailwind CSS
OS & Tools: Android, Linux, Docker, Postman, Git, Github

ADDITIONAL INFORMATION

Spoken Languages: Portuguese (native), English (professional working proficiency).
Sports: I have been playing sports since I was 4 years old, such as swimming, soccer, karate and rugby.
